

STATE OF MAINE
ESTIMATED TAX FOR INDIVIDUALS
FORM 1040ES-ME INSTRUCTIONS

Maine Revenue Services
PO Box 1063
Augusta, Maine
04332-1063

- These instructions are intended for the majority of taxpayers who report on a calendar year basis. If you report on a fiscal year basis, the dates should be changed to correspond with your fiscal year.
- You may download additional worksheets and vouchers from the internet at www.maine.gov/revenue/forms or call (207) 624-7894. If you need help completing the worksheet on the back, call (207) 626-8475.
- Please file the original or downloaded estimated tax voucher with Maine Revenue Services. Make a copy of the voucher for your records.

Maine EZ Pay

You may pay your income taxes electronically at www.maine.gov/revenue. Electronic payments eliminate the necessity of filing forms 1040ES-ME (income tax estimated payment vouchers).

Note: Certain taxpayers with large annual tax liabilities are required to remit tax payments electronically. See Maine Rule 102 on the Maine Revenue Services web site at www.maine.gov/revenue (select Laws & Rules). To use Maine EZ Pay you must pre-register online with personal and bank account information, and payments will be withdrawn from the checking or savings account that is set up in the registration. For more information, see www.maine.gov/revenue (click on Electronic Services).

1.) WHO MUST MAKE ESTIMATED TAX PAYMENTS. In most cases, you must pay estimated tax if your estimated Maine income tax for the year, over and above tax withheld and allowable credits, is \$1,000 or more and if your tax liability for the prior year was also \$1,000 or more.

2.) HOW TO CALCULATE YOUR ESTIMATED TAX. Use the worksheet on the reverse side to calculate your estimated tax. Determine your estimated tax without taking into account the current year's investment tax credit. To avoid penalties, the estimated tax paid must be no less than the smaller of the following:

- An amount equal to the preceding year's tax liability, if the preceding year was a taxable year of 12 months; or
- An amount equal to 90% of the tax liability for the current taxable year.

You will also find information concerning the Maine Standard Deduction and the Tax Rate Schedules on the reverse side. The exemption amount, standard deduction amounts and tax rate schedules are those in effect under current law for tax years beginning in 2009.

Note – Special Rule for Unusual Event Income.

Definitions. For purposes of this special rule, the following terms have the following meanings:

Maine taxable income means income subject to Maine income tax, but which is not subject to Maine income tax withholding. For example, for purposes of this special rule, Maine taxable income includes business income and capital gains, but does not include wages.

Unusual event income means Maine taxable income (as defined above) received during an estimated tax installment period of the current tax year, but only if that amount exceeds the Maine taxable income received during the same estimated tax installment period of the prior tax year by \$500,000 or more.

Special Rule. If you have unusual event income, you must pay a Maine estimated tax on that income equal to 90% of the tax liability on that income. This special rule prohibits you from utilizing the prior year tax liability rule under paragraph a above to determine the amount of Maine estimated tax due on unusual event income. The estimated tax due on unusual event income is in addition to the estimated tax due on any other income received during the installment period (such as pension or annuity income subject to Maine income tax withholding where the Maine withholding amount is insufficient). Maine income that is not unusual event income is subject to the regular estimated tax requirements contained in 36 MRSA § 5228 and briefly described in these instructions.

Example: If your Maine taxable income during January-March 2008 was \$300,000 and your Maine taxable income during January-March 2009 is \$900,000, you have unusual event income (i.e., the 2009 income amount exceeds the 2008 income amount by \$500,000 or more). Therefore, under the special rule, you must pay a Maine estimated tax for the January-March 2009 installment period equal to 90% of the tax liability on the \$900,000. You cannot, with respect to the \$900,000, calculate the estimated tax based on your prior year tax liability (as may be allowed for other income received during the year).

Extension to pay; waiver of penalty. If you are subject to the special rule described above and you meet all of the criteria listed below, you are entitled to an extension of time to pay the estimated tax or to receive a waiver of penalty associated with the unusual event income. Any extension of time granted may not extend past the original due date for filing the return for the tax year. Requests for extension of time to pay or for waiver of penalty must be submitted to the State Tax Assessor in writing. You must meet all of the following:

- You are an owner in a pass-through entity;
- You had no control over the distribution of the unusual event income;
- You did not actually or constructively receive payment of the unusual event income; and
- You pay the estimated tax on the unusual event income by the estimated tax installment payment due date following the installment period during which you actually or constructively receive the unusual event income.

3.) WHEN AND WHERE TO MAKE PAYMENTS. The first installment payment is due on April 15, 2009. You may either pay all of your estimated tax at that time or pay in four equal installments on April 15, 2009, June 15, 2009, September 15, 2009, and January 15, 2010. Payments can be made electronically using Maine EZ Pay (no forms required) at www.maine.gov/revenue or send your payment with the appropriate voucher Form 1040ES-ME to the address printed on the voucher. If you overpaid your 2008 income tax and elected to apply the overpayment to your 2009 estimated tax, that overpayment may be partially or fully applied to any installment.

4.) FARMERS AND FISHERMEN. If at least 2/3 of your estimated adjusted gross income is from farming or fishing, your estimated tax may be paid in a single installment due on or before January 15, 2010. If you file your 2009 individual income tax return on or before March 1, 2010, and pay the total tax at that time, you need not make an estimated tax payment.

5.) CHANGES IN INCOME. Even though you are not required to pay estimated tax on April 15, your expected income may change so that you will be required to pay estimated tax later in the year. When the change becomes known and the estimated tax is calculated, payment may be made at one time on the next installment due date or it may be paid in equal installments on the remaining due dates. If your estimated tax liability decreases because of an income change, reduce the remaining installments.

6.) UNDERPAYMENT PENALTY. A penalty accrues automatically on underpayments of the required installment amount for the period of underpayment. The penalty does not apply if each required payment was made on time and if the total estimated tax paid is equal to 90% (66 2/3% for farmers and fishermen) of the income tax liability for the current year or 100% of the tax liability for the preceding year, if that year was a taxable year of 12 months. If you have unusual event income, you may be eligible to request an extension of time to pay the estimated tax or to request a waiver of the penalty associated with unusual event income. See note under item 2 above.
